

Information regarding Bachelor exam
specialization Civil Engineering
- September 2022-

The bachelor exam will be held onsite. The entire project will be delivered electronically, by the latest on 30.08.2022, time 19:00 PM, by uploading to the address aliz.mathe@mecon.utcluj.ro.

All documentation will be structured in a single folder named: LAST NAME_NAME, which will contain the following separate folders:

- FOLDER (name: 1_WRITTEN part), which will contain the entire written part, in pdf format and the declaration on the authenticity of the diploma project;
- FOLDER (name: 2_DRAWN part), which will contain the numbered and named drawings
in ascending order. The drawings will be submitted in PDF format, one file for each board. The student has the obligation to check that all data on the draws are visible.

The presentation of the diploma will be held on 1.09.2022, starting at 10:00, and student scheduling will be posted on the Teams Channel after handing over the projects.

For more information on how to take the bachelor's exam, please study the documents posted at the adress: <https://constructii.utcluj.ro/finalizare-studii-licenta.html>.

The support sessions are public.

Secretary of the commission,
Lecturer. phd.eng. Aliz Mathe
